Note

The President of the Shimoga Dt. having solicited sanction to the payment of a contribution of Rs 800 from Dt. Funds to meet the cost of repairing the road, "which connects the Nyamti Town with the Sowlanga Honnali high road", he was asked to furnish information on the following points -

Ll. No 19

Ll 25

(1) Who was repairing the road and from what funds

(2) What was the total cost of such repairs.

(3) Was the road within Mul: limits and if so why the D F Bd should contribute towards its repairs and

(4) Was it part of Provincial or D F roads.

Ll 28

(2) The President replied that there was no road but only a cart track which was not being repaired at all, that the proposed road had to be constructed beyond Mumal limits, that the cost of construction of such roads should be charged solely to D F.

but that as the Municipality was the only Body it would serve and as the Dt. Funds had only a small balance, he proposed that the cost of its construction should be met from District & Munl Funds in equal proportions.

(3) The President having been further called upon to ~~enquire~~ state whether the Munl. Bd. had agreed to meet half the Cost of making the road & whether there was provision for it in the sanctioned Budget for the current year, he now states that the Munl: Bd. have agreed to pay a moiety of the cost and submits an estimate for Rs 1581 for same, the charge being met from ~~providing out the source in~~ the current years Mul: and Dt.
